September 2017

DISTRICT GOVERNOR MEGAN'S SEPTEMBER MESSAGE

Greetings everyone,

I write this from chilly Ballarat prior to the Council meeting and ANZI forum.

A little bit of information regarding the Council meetings the 19 District Governors across Australia attend 4 times a year. It is not a holiday but 3 days of committee meetings and Council meetings.

The Council meeting is an opportunity for all 19 District Governors to meet and discuss issues affecting our Multiple District. It is also an opportunity for the District Governors to discuss and share ideas as we realise many issues are not unique to our just our own District. It is an opportunity to brainstorm ideas and hopefully come up with solutions that strengthen our District and the Multiple District.

Club visits are continuing on a shared basis between myself, 1st VDG Phil and 2nd VDG Kevin and it is exciting to hear the various projects and activities clubs undertake. Many clubs have the same or similar projects/activities and then others have ones unique to their club only. The variety is immense but with one basic theme - **we serve**. Just a reminder to keep recording those service hours in mycli. Last year on a worldwide basis only 65% of Clubs were reporting their activities - let us be the District that has the highest participation rate.

Many clubs are sending me copies of their bulletins, some by mail and others electronically and I enjoy reading them. I encourage other clubs that have bulletins to also send me a copy because this enables me to keep abreast of your clubs activities.

The new Lions ad has been released and can be viewed via this link

<http://lionsclubs.org.au/more-than-sausages/>

I encourage you all to view this ad and share to get the message out that Lions do so much more than just sell sausages. It will be shown on TV starting in Newcastle shortly.

Convention plans are now well underway and it will certainly be an interesting and informative Convention culminating on the Sunday with the Lions Family Fun Day. I encourage you to bring along your family and friends, don't forget to invite prospective new members as well. Let them see us having fun whilst they gain information about what we do.

Until next month keep up the awesome work you all undertake and keep smiling. Remember you are making a difference to your community and the world.

Regards

DG Megan

SEPTEMBER FEATURE

Australian Lions Hearing Dogs

One in six Australians have some form of hearing loss with this number expected to rise to one in four by 2050. This number is greatly increased in older Australians. The technological advances with hearing aids and cochlear implants continue to improve with each passing day, however there are times when something else is needed. This is where a Lions Hearing Dog helps

From the hard of hearing person who takes their aid off at night to the profoundly deaf person where no aids help, many Australians live at risk when they can't hear sounds such as the knock at the door, a telephone or, most seriously, a smoke alarm.

Since 1982 Lions Hearing Dogs have provided a set of "furry ears" to hundreds of Australians, all possible from the ongoing support of Lions Clubs across Australia. Each Lions Hearing Dog costs upwards of \$30,000 to train and deliver, free of charge, to its deaf or hard of hearing owner.

The Australian Lions Hearing Dogs National Headquarters in the Adelaide Hills is the only accredited Training Centre in Australia, with the program being accredited by Assistance Dogs International.

To continue providing this service to deaf and hard of hearing Australians we need your support!

Our Staff & Volunteers

At present we employ seven full time staff and one part time trainer at our Training Centre.

The staff consists of a Kennel Manager who looks after the kennel area, washes, feeds and cares for the animal's daily needs. Two part time Kennel Hands are employed to fulfil these roles during the weekend. We currently have five full time Trainers which includes a Training Coordinator who supervises the training program. The Trainers source, train and deliver the dogs across Australia and complete administrative duties associated with the tasks.

About 90% of all dogs in training are sourced from pounds and shelters, mainly the Animal Welfare League and RSPCA in South Australia, Dogs Homes of Tasmania in Hobart and a wide reaching rescue organization called Yorke Peninsula Puppy Rescue

11:30am	Lions Community Family Fun Day – Kings Reserve (adjacent Thebarton Community Centre)
4:00pm	Convention Close

WHY DO WE ATTEND LIONS CONVENTIONS?

When we join Lions, we are told that we are joining the world's largest Organization. Very few of us seem to experience the privileges that can ensue from reaching out on a basis wider than our own Club. Lions Conventions (District, Multiple District and International) all provide a vehicle to **NETWORK** with other like-minded from respectively Our State, Our Country or Internationally. When you have your service activities as an ice breaker it becomes easy to make conversation.

NETWORKING can provide new friends from all stations in life, it can provide ideas to take back to your Club and it can provide a learning environment in which to develop new skills.

The Convention is an **AGM** of Lions Centres of Organization. Delegates are an important part of *Voting for New Officers* for the Coming Year, *Deciding on Combined Projects* we undertake and to *Celebrating Successes* of Projects and Individual achievements and *Hearing Important Debates or talks of Future Directions*.

Conventions have demonstrations, Information Booths and Seminars where you can **LEARN** about Lions Projects, New Skills to make you and your Club Members more effective in your serviced. There is ample chance to share experiences with others who too can learn from you.

And to add some cream, Conventions are places **TO HAVE SOME FUN**. Organizing Committees are responsible for arranging a variety of Functions at which to enjoy each others company. Please be aware that all Convention Committees from Host Clubs take this aspect as a Challenge to Club Pride.

TOMORROW STARTS TODAY

FROM MINLATON LIONS AND LIONESS

Lions Centenary Celebration Stamps.

Minlaton Post Office and the Minlaton and Districts Lions and Lioness Clubs have combined to celebrate 100 years of Lions Clubs International with the launch of the Centenary Stamps and a display in the Post Office in June. Included in the display was a poster advertising the Centenary Stamps and current and past items from the Minlaton and Districts Lions and Lioness Clubs which have been serving the district for 48 years.

Photo: Display in Minlaton Post Office

The Minlaton and Districts Lions and Lioness Clubs together with Minlaton Progress Association, Weight Watchers Club and Garden Club have donated a heart defibrillator which has been placed in an alarmed box outside the Minlaton IGA Supermarket for use by the public in case of an emergency. Training in its use will be given to some IGA staff and interested Lions Members and the public.

Photo. Lions and Lioness members with representatives from Minlaton IGA, Progress Association, Weight Watchers Club and Garden Club with defibrillator on wall of IGA Supermarket.

FROM PORT PIRIE CLUB

Lions for Sight Expands in Port Pirie

Port Pirie Regional Council is supporting the Lions Club of Port Pirie in its quest to have more used glasses donated to support people in need.

The council has become a donation point for the Lions Recycle for Sight program, with a glasses bin located in the council's main Port Pirie office.

It is the third donation point in Port Pirie, with the others being JM Optical (Ellen Street) and Specsavers (Pirie Plaza Shopping Centre).

The program is well-supported in Port Pirie, much to the delight of the Port Pirie club's Recycle for Sight coordinator Vic Knauerhase.

PHOTO: Port Pirie Regional Council mayor John Rohde and Lions Club member Vic Knauerhase with the new collection bin.

PARENTHOOD 2017

You spend the first two years of your child's life teaching them to walk and talk. Then you spend the next 16 years telling them to sit down & shut up!

Grandchildren are God's reward for not killing your children!

Mothers of teens now know why some animals eat their young!

Children seldom miss-quote you. In fact, they usually repeat word for word what you shouldn't have said!

The main purpose of holding children's parties is to remind yourself that there are children more awful than your own!

We Child-proof our homes, but they still seem to get in!

Moral of this story: "Be nice to your kids. They will be the one to choose your Nursing Home!"

Vale Dr Robert Cooter AM

In late March of this year, with the passing of Dr Robert Cooter AM, the Craniofacial Foundation lost one of its most passionate supporters since its inception in 1984. Dr Cooter graduated as an MBBS from the University of Adelaide in 1952 and was a rural General Practitioner in Port Augusta from 1955 to 1972. Dr Cooter contributed countless hours to the training of future rural doctors; he was the inaugural Chairman of the Rural Health Committee of the South Australian Branch of the Australian Medical Association (AMA). Continued page 2.....

Dr Cooter was a charter member of the Port Augusta Lions Club established in 1968.

Dr Cooter has an amazing record of service to the medical profession by way of raising funds via Lions and being personally involved in the following projects:

- Glaucoma screenings
- Amblyopia (lazy eye) screenings
- Home renal dialysis
- South Australian Lions Heart Research Foundation
- Anti-Cancer Foundation
- Mobile mammography unit for screening rural women
- Prostate Cancer Awareness project
- Newborn hearing screening program
- Lions hearing dog training centre
- Royal Flying Doctor Service (RFDS)

Dr Cooter gave 50 years of wonderful service to the RFDS. He was a flying doctor in the Port Augusta general practice for 10 years and later President of RFDS Central Operations (SA & NT).

In 1984 when the Australian Cranio-Maxillo Facial Foundation (ACMFF) was established Dr Cooter was the Key Lions Representative on the initial Foundation Board. Dr Cooter was a valued Board Member for 20 years. Dr Cooter later became a member of the Fundraising Committee.

Professor David David AC, the Chairman of the ACMFF, recently paid tribute to Dr Cooter's magnificent service to Craniofacial Foundation. Professor David said "For over 50 years, Bob Cooter provided outstanding service to the medical profession and was a wonderful Board Member and supporter of Craniofacial Australia."

Vale Dr Bob Cooter

Did you hear about the two guys who decided to try duck hunting? They bought new outfits & equipment and went out to a place in the scrub where they heard the hunting was really good. But after several hours of thrashing through the woods one fellow said "I don't know about this. We've been out here all day and haven't caught a single duck. Do you think we're doing something wrong?"

"I don't know" replied the other. "Maybe we're not throwing the dog high enough."

Mawson Lakes Club Branch...201C1's next Club?

We all know that District 201C1 needs new members to take us out of transition. So, the “push” is on to attract more members to this great organisation. Our District is in its second year of membership numbers being below the required number to remain a District in our own right. We need to reach a minimum overall figure of 1,250 members in our District, and maintain that figure for another twelve months at least.

So, two young Lions members, Lauren Brewer and Beau Brug, decided to do something about it. They saw an opportunity at Mawson Lakes, and thought that this area would be a great place to start a new Lions Club. The obvious place to start is to ask friends and work colleagues if they would like to help support projects in their local community.

Since May this year, and with the support of their Host Club, Gilles Plains Lions Club, they have managed to induct 8 members through Gilles Plains Lions, and therefore create their own Mawson Lakes Club Branch.

A meeting venue has been sourced at a local Café, they have established their own website and set up their own Facebook page. With two more transfers in shortly, that would bring the Club Branch numbers to 10, half way there. But no rush! There is no time limit about reaching 20 plus members to charter. They are fully aware that they are far better off starting slowly, and selecting good solid foundation members to ensure a strong club for the future of their community, and for District 201C1.

This is certainly one way to help build membership numbers in our District, but not the only one. Within your own club, make sure that your members are happy, and that they are engaged in activities that they enjoy, while at the same time feeling that they are giving back to the community they are living in.

Of course, part of the trick is to keep your eyes and ears open to the opportunities that surround you. Grab those opportunities and run with them, you just do not know where they will take you! Remember that only 3 months ago there was no Lions Club Branch in Mawson Lakes. These young people saw an opportunity and went with it, showing no fear as the young often do. Let us hope that these Lions are the future of 201C1.

Patrick Williams
Global Membership Team Coordinator
Lions District 201C1

At the August Dinner Meeting of the Gilles Plains Club, two new members for Mawson Lakes Branch were inducted.

Photo shows ZC Lauren Brewer, new member Alex Coates, President Ted Osborn, new member Yasin Hassanyar and Sponsor Lion Beau Brug.

TOMORROW STARTS TODAY

FROM MAWSON LAKES CLUB BRANCH

Daffodil Day.

The new Mawson Lakes Branch Club has several members with a very close connection to Cancer so it seemed right to hold one of their projects in conjunction with the Cancer Council and Daffodil Day.

Lion Beau's own baby sister was diagnosed with cancer two years ago an incredibly difficult experience for his family as you can imagine.

On Daffodil Day, August 25th 2017, the Branch Club joined together to support all the people in the local community living with cancer. The members were at the Mawson Lakes Train and Bus Interchange from 7am to 12noon selling Daffodils, sharing stories and raising funds for Cancer Council SA.

Our message to others is to never give up the fight, no matter the circumstances.

1 in 2 Australian men and 1 in 3 Australian women will be diagnosed with cancer in their lifetime. This year alone it is estimated that over 9,700 South Australians will be diagnosed with cancer, 3,500 of which will die from the disease.

The money raised through Daffodil Day will fund Cancer Council SA's vital research, public education and prevention campaigns along with support programs for people going through cancer and their families.

As one of the largest national fundraising events in the Southern Hemisphere, this year Cancer Council SA hopes to raise more than \$450,000 locally and \$5.5 million nationally on Daffodil Day.

Article submitted by Lion Beau Brug

LATE NEWS :- LION BEAU REPORTS THAT \$600-00 WAS COLLECTED FOR THE CANCER COUNCIL

WALK A MILE IN MY BOOTS

The new Mawson Lakes Lions Branch Club participated in the Walk a Mile in my Boots with some members walking and other financially contributing and fundraising as one of their first projects.

Each year Hutt Street Centre calls on South Australians to show their support for people facing homelessness by joining them and experiencing what it is like on a cold, winter's morning to walk one mile to find something to eat, a hot shower and a friendly face.

So we did and in Adelaide on Friday 11 August, at 7.30am we walked a mile in the boots of a person experiencing homelessness, helping make someone doing it tough realise they are not alone. Because no person who is homeless should feel like they're walking alone.

This great cause raised hundreds of thousands of dollars, we raised \$350-00.

Lion Beau Brug

FROM MODBURY CLUB

THE PROJECT FOR ELIMINATION OF AVOIDABLE CHILDHOOD BLINDNESS

For more than 15 years, LCIF's SightFirst program and the World Health Organization (WHO) have partnered to serve more than 127 million children by working to eliminate avoidable childhood blindness.

The Project for Elimination of Avoidable Childhood Blindness is an initiative that began in 2001. Since then, 51 Child Friendly Eye Care Centres have been established and supported in 50 countries in Africa, the Americas, the Eastern Mediterranean, Europe, Southeast Asia, and the Western Pacific.

The centres provide preventive, therapeutic, and rehabilitative eye care services for children aged 0-15 years. To date:

more than 67,000 paediatric eye care staff have been trained more than 13 million children have been screened for eye diseases more than 127 million children have received treatment nearly one million education sessions for parents, caregivers and healthcare staff have been presented.

Because of your donations to LCIF, millions of children have been given the chance to avoid childhood blindness.

Article taken from Modbury Lions Club Bulletin—Thanks

Seen on the back page of the Sunday Mail by an observant reader. The caption explains the photo

PAUL PRESCOTT and his wife thought this "frog parking only" sign at the Gleeson Wetlands at Clare is original and clever. They reckon Clare Lions Club, which helps maintain the wetlands, has a good sense of humour.

TOMORROW STARTS TODAY

FROM GILBERT VALLEY CLUB

After 21 months in the planning, the Lions Club of Gilbert Valley officially launched their wheelchair access vehicle on June 7th which coincided with the Centenary of Lions International.

Based at, and managed by the Gilbert Valley Senior Citizen Homes, the vehicle will be available for use by anyone within the Gilbert Valley who wishes to transport a family member or other person in a wheelchair. There is currently nothing else around within easy access of Gilbert Valley residents so this will provide some freedom to a lot of people. The vehicle is a specially modified VW Caddy that will accommodate 5 adults plus the wheelchair passenger.

Funding was provided by the Gilbert Valley Lions, The Gilbert Valley Senior Citizen Homes and the SA Government. The Hon. Geoff Brock, Minister for Rural Development and member for Frome worked hard behind the scenes to provide the funding that finally brought the project to fruition.

The Lions Club of Gilbert Valley will continue, along with other supporting parties, to fund the annual running costs of the vehicle. Any resident wishing to use the vehicle can contact the Senior Citizen Homes on 8847 2307. Volunteer drivers are also available to anyone who needs to use the vehicle but prefers not to drive.

It is a very proud moment for our small but active club. Our club does a lot of work to help fund dozens of other notable causes but this project was important to raise the profile of the club to the residents of Gilbert Valley

FROM EAST TORRENS CLUB

Following in Fathers Footsteps

Don Pollard of the Lions Club of East Torrens was presented with a MELVIN JONES FELLOWSHIP AWARD at the club's handover lunch on July 1st this year, as was his father back in 1992.

Don, a charter member of the club, has been a loyal member for 37 years focusing on community projects and services. Don has been President on three occasions, Youth Exchange Chairman twice, Save Sight Chairman as well as most other positions in the club. His willingness to "get his hands dirty" (he was a market gardener by trade - now retired) was invaluable to the club over the years

President Malcolm Story, Don Pollard and Immediate Past District Governor Paddy McKay

The Best Way To Pray

A priest, a minister and a guru sat discussing the best positions for prayer, while a telephone repairman worked nearby

"Kneeling is definitely the best way to pray," the priest said.

"No," said the minister. "I get the best results standing with my hands outstretched to Heaven."

"You're both wrong," the guru said. "The most effective prayer position is lying down on the floor."

The repairman could contain himself no longer. "Hey, fellas," he interrupted. "The best prayin' position I ever did was when I was hangin' upside down from a telephone pole."

I decided to change calling the bathroom the John and renamed it the Jim.

I feel so much better saying I went to the Jim this morning.

TOMORROW STARTS TODAY

FROM STANSBURY DALRYMPLE CLUB

This will be the first meeting for the year and I have just returned from a wonderful trip to Vietnam and Cambodia and am adjusting to the weather. I saw many beautiful sights, and the one thing that impressed me was that although the people are quite poor, they appear happy.

Other club members have been enjoying holidays and they are gradually returning home, so we all should be refreshed.

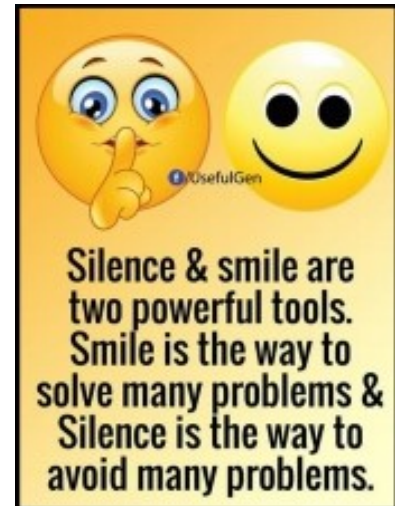

We are now close to our biggest fundraisers for the year, beginning with the field days at Paskeville on September 25th, 26th 27th, followed by our first market on the long weekend in October and then our Rock and Roll dance on October 28th. It will be a busy time but hopefully it will all go well.

Being the first female President for our club is quite daunting but I know that I will have a very experienced Secretary in Chris whom I am sure will guide me well. Beth has taken on the role of Treasurer, so with an all female leadership group, we will do our best to keep the club up to the standard previously set.

Yours in Lionism
Jan Thompson
