DG Phil

Changing Over Bulletin

From Phil to Kevin

DGE Kevin

JULY 2018

Ok so its almost over and Kevin takes over.

I was told it would go so very fast and they weren't wrong.

I had hoped that we could have achieved more particularly with membership although when you look at the numbers we have gained so far this year 157 but the killer is that we lost 155.

That is the issue RETENTION. We have to look after our members that we have.

Including our new members we have to give them a job to do or we will lose them as well just as quick as a flash GONE.

Some great numbers attended our training sessions this year including Zone Chairman, Incoming Officers in Elizabeth, Port Pirie and Port Lincoln.

Our Drought Relief program at Christmas with C2 was a success in helping those in need at Christmas time.

I thank you all for your support of the Convention in Port Augusta that concluded with a trip on the Pichie Richie Train to Woolshed Flats, a great mornings fellowship.

Thanks so much to the Port Augusta team for all their hardwork.

Been a busy period conducting and attending Club Handovers, a lot of fun and fellowship.

Well this is it thanks so much to everyone who helped me this year particularly VDG Kevin, VDG Tony, IPDG Meg and Cab Secretary Don.

Thanks again *DG Phil*

Well this is it now the DG ! things won't be changing much. Carrying on with DG Phil's work as we all know the main issue is getting the district out of transition, we are so close and with Tony's membership plan I am sure we will make it. We are not the only district in transition and some in lot worse position than us some in the hundreds

Having said that, the other thing is we must look after the members we have got, I also want to get rid of the us and them mentality i.e. clubs v cabinet we are all Lions doing the same thing "WE SERVE"

I would like to see clubs working with other clubs but also having fun together. I attended a picnic held by the Tumby Bay LC every Club on the Eyre Peninsula attended some travelling 100's of Kms all very informal, my golfing skills put on show. But it was a good day, something the ZC 's have think about promoting.

We hope to get a number of new clubs up and running and restarting some old clubs, also looking at specialty clubs and club branches. I think I have the team to pull this off.

All of this is dependant on all of us working together.

To the new members on cabinet don't be shy and if you think you have a good idea tell us about it you nether know you might have a winner.

I could go on and on but I think you get the message, and looking forward to being your DG for the year.

District Governor Elect

Kevin

GILLES PLAINS 40TH ANNIVERSARY AND HANDOVER DINNER

Approximately 75 people were present at the B Social Restaurant at Oakden on 18th June to celebrate the 40th Anniversary and Handover of the Gilles Plains Lions club. After months of organisation, mainly by President Ted Osborn, the time was here to let our hair down.

Many past members were invited to help celebrate and the club did not let them down. B Social set up the function room and were most cooperative to our needs. Many members of President Teds family were also present to witness the proceedings. They also celebrated the birth earlier in the day of Teds first Great Grandchild, a girl. The décor of the function room was up to expectations and most pleasant. Club members met all attendees at the door and advised them of the seating arrangements. A continuous slide show of events during the past 40 years was run for all to reminisce and remember the great times. There was a display of recent club activities for people to look at and get an understanding of the club's activities.

MC Lion Ray Norton got the evening rolling and once the formalities were over, all guests and visitors were introduced. District Governor Phil Bowman, Mayor of City of Port Adelaide-Enfield, Claire Boan, Charter President past member John White, Charter member Bob Ancell were among those to participate in the events of the night. Mayor Claire Boan proposed the Toast to Lions Clubs International and DG Phil Bowman responded on behalf of the members.

Charter member Peter McKinnon presented a history of the club using a slide show put together with the help of wife Beth and son James.

DG Phil then inducted new member Joel D'sa into the Gilles Plains Lions club. Something Joel will remember.

President Ted then called forward Lion Peter McKinnon and Lions Lady Beth. They were presented with a 2019 Premiers Community service award in recognition of the work that they both do for the Lions club and the community.

President Ted presented some "fun" Awards to members of the club. While these are "fun" awards, they do represent a thankyou to the club members for their efforts during the year. President Ted then had much pleasure in presenting Lion Joe Caruana with a Melvin Jones Fellowship in recognition of the work the Lion Joe does for the club and community. Once President Ted's awards were completed, MC Ray asked Ted to remain at the rostrum. Lion Ray then gave a history of President Teds Lions life. Ted was then presented with Life Membership of LCI. This was quite a shock to Ted, and he accepted with much pleasure.

The Charter members present, then were invited to cut the Anniversary cake. Once this was done, a second cake appeared, and President elect Deb Poole was asked to blow out the candles for her Birthday cake. Her birthday on the day.

District Governor Phil then conducted the Handover ceremony, inducting Lion Debra Poole as the club President. President Deb then introduced her Board for the following year and gave her acceptance speech. President Deb had some friends and relatives present to witness the occasion.

The raffle draw was done by Lion Stewart Garvin during the night with many prizes available to the lucky attendees.

A most enjoyable night was concluded with President Deb announcing notices and closing the meeting.

Lion. Graeme Leslie Pascoe OAM

Article provided by Lion Harry Webb, Golden Grove Lions Club

I have known Graeme since about 1973 when he was on the local kindergarten committee and have remained friends and a neighbour ever since. I was only too happy to support his nomination for an award because over the past 45 years I have got to know so much about Graeme and the time he spends helping the community especially through a number of Lions Club International Foundations and Activities. He convinced me to join Lions and has supported me in both club and district leadership roles.

Graeme has held positions in the Golden Grove Lions Club including as President, Secretary and Treasurer for more than 10 years. As well as his roles within the club he was involved in the district Lions as a Zone Chairman for 7 years, Youth of the Year and of course Lions Districts 201C1 and C2 Medical Research Foundation. His work as treasurer has been long and outstanding according to a Past District Governor. He told me that without Graeme's guidance, the Foundation would not have been as well off as it might.

Graeme has worked or promoted other Lions Foundations and District Projects such as Lions Cord Blood Foundation, Lions Districts 201C1 and C2 Mobile Skin Cancer Screening Unit and Lions Health Screening at District level. Graeme has not been content to just accept leadership roles such as treasurer or coordinator but actively promotes these Foundations and Projects. Further, he has only been too willing to meet with others outside the Lions organisation and work with them if he thought that they would be able to give extra support.

While Graeme usually plays a leading part in the promotion and organisation of these health activities, he is also prepared to do any of the spade work when the activities are in operation. He organises volunteers and ensures that they are supported during the day as they work with the public. Over the years he has convinced doctors and nurses to work with the Lions promoting so many of these great Health projects.

In recent years I have attended a number of conventions including District, Multiple District and even an ANZI Forum. At these meetings it became clear that Graeme is recognised by many outside of the local area for his outstanding contribution to the Lions health foundations and Projects. He has been recognised with many Lions awards and a Melvin Jones Fellowship, the highest award in the Lions Clubs International. Graeme is a Life Member of Lions Clubs International. Lions have discreetly asked me if there is any award that he has not been presented with as they are at a loss to think of something for further recognition. This, I think is the real reason for considering him for an award within the Order of Australia. He has done so much, Lions are at a loss to honour him further but think he deserves to be.

Golden Grove Lions have been working with the City of Tea Tree Gully Council for a number of years. The liaison with the council officers has often been Graeme and the list of these activities is impressive. They have included the dog park shelter and Lions Bicentennial Rotunda, use of facilities for the District Convention and catering for Tree Planting Day, Touch a Truck, Australia Day celebrations and citizenship ceremonies.

I did ask Graeme what he got personally from all of these years working with the Lions Medical Research Foundation and he told me that it was the opportunity of working with other people that he may not have ever met. "They are such an interesting bunch of people", he said.

This is why I whole heartedly supported Graeme for this award.

LEHP-Australia
Lions Eye Health Program

Members, welcome to yet another Lions year.

Lions International has identified 5 global causes with which all clubs and members are urged to become involved.

To that end I would like to provide clubs with some information relative to the **VISION** component of these global causes.

BOOKMARKS - World Sight Day 10th October 2019
This is being promoted by LEHP. The basic aim is for clubs to purchase quantities of magnifying book marks from LEHP at \$50 for 100 and to then donate these to a local library where librarians can give a book mark away to each child checking out a book during the month of October. Book marks will carry the message "as a rule, test young eyes before starting school"

Each book mark will be accompanied by a LEHP brochure reminding parents of the importance of having their children's eyes assessed.

SCREENING PROGRAM

The bookmark program leads into another wonderful LEHP project whereby clubs can get involved with a child's eye screening program at local kindergartens or primary schools. This requires a minimal number of members and can be achieved for very low costs.

Those members who get involved will need some basic training which either I or Lion Rob Winter, Noarlunga Morphett Vale Lions Club, can provide details of.

This project provides clubs with a great opportunity to deliver a wonderful community service as well as PR for Lions which in turn provides an ideal scenario to combine with a membership drive in an attempt to recruit new members.

Any club or member requiring further details of the above matters are invited to contact me on band-k392@bigpond.com

A monthly
update from the
Lions Club of
Clare District

WE SERVE

Pre-Loved Furniture, coming soon!

The Clare Lions Club help the local community in many ways, the most obvious being The Christmas Pageant, The Gleeson Wetlands, Road Marshalling at local community events, and more recently, the Recycle Project. There are many others that happen but mostly go un-noticed. An opportunity was noticed by a few Lions members are the need for pre-loved furniture within our community.

Over the past few months a great deal of research has been undertaken to find a site to work from, with many meetings held to discuss opening and closing times, and where and how we collect this furniture thru local donations. There will be monthly costs for us to consider, and so these items will be sold at very affordable prices to help cover those costs. All donations offered must be in good/reasonable condition and ready to present to those in need.

So when will this be operational...., hopefully, late June to early July. Do you have anything you could offer instead of taking it to landfill?
See contact details below.

Watch this Space!!

NEWS FROM ANGLE VALE CLUB

WE HAVE LIFT OFF TO ZIMBABWE

Angle Vale Lions are happy to say we are finishing loading our 40' container with medical and education aid ready to ship to Zimbabwe.

We would like to acknowledge the donations made to this project by Lions Clubs of Gawler, Unley, Rocky River and Glenside also the clubs that donated aid.

With the help of Angle Vale and the local community in our area we collected over 150 boxes of aid, clothing and school supplies.

Rotary Donations In Kind Edinburgh where we have been loading the container donated hospital equipment such as beds, dental chairs, patient lifter, scales and many boxes of consumables along with school desks, chairs, white boards and stationary. Rotary have also been a great source of advice and our thanks go out to them.

This project has taken quite a while to come to completion as we had to raise \$20,000 to pay for the container, shipping and internal transport in Zimbabwe.

The container is going to the district of Buhera and will be distributed to the Murambinda Hospital and the Mumbijo Primary School. The container then will remain at the school for storage.

My personal thanks go out to past and present members of the Angle Vale Lions Club for the fantastic effort you have all contributed to for this project, we certainly cooked a lot of snags, we also had a Bingo Night run by the Elizabeth Masons Lodge, a Movie Night at Gawler Cinemas and our Car Boot/Craft Market at Vigara Winery and our thanks go to these organisations and the many businesses who donated to raffle prizes

We now wait for final custom clearance from Zimbabwe in relation to import duties etc and a shipping

PORT AUGUSTA NEWS

On Sun Jun 16th, the Lions Club of Port Augusta cooked a Bar BQ lunch for the Country Fire Service Region 4 Cadet Competition.

The future of the Region is looking strong with 42 cadets from Andamooka, Roxby Downs, Stirling North, Wilmington, Orroroo and Napperby Brigades attending on a beautiful sunny winters day.

Their skills were impressive, but these young firefighters of tomorrow, showed a fantastic attitude and enthusiasm as they were put through their paces by the cadet leaders.

The Port Augusta Lions Club has donated \$1900 to the Stirling North Cadets to assist in the acquisition of equipment and training, over the past two years.

Perhaps other Lions Clubs can also assist CFS cadets in their area?

An old guy is convinced his wife is getting a bit deaf, so decides to test it.

One night, he's sitting by the fire while she's in the kitchen. He says in a normal voice at normal volume, "Honey, can you hear me?"...

No answer.

He gets up, walks to the kitchen door, and in a slightly louder voice, asks "Honey, can you hear me?" ...

Still no answer.

So, he walks in, stands right beside her and shouts, "Honey, can you hear me?"

She turns and looks at him angrily and answers, "For the third time, yes!"

STAMPS, STAMPS, STAMPS

If any members have stamps that they wish to donate to the Lions Australia Stamp Club, they may give them to me at the DG Handover of the Cabinet Meeting the following day

Ted Osborn, Registrar, ALCMF

PETERBOROUGH "BIGGEST MORNING TEA"

The Lions Club of Peterborough held a very successful Biggest Morning Tea raising \$1164.35 for the Cancer Council.

This event is held every year by Lions with between 40 to 60 people attending, tourists to the town often call in as well for a cuppa and tasty treats prepared and supplied by the Lions members. A gold coin donation is asked as an entry fee, two raffles are held. The Children's choir from the local Primary school entertain the crowd with songs they've learnt. These children bring a donation from some sort of fundraising they have organised at their school.

Prior to the day of the Biggest Morning Tea members approach local business houses offering a plate of food for a donation towards Cancer Council this has proven to be very successful as it has been known to bring in over \$700.

A donation of \$4000 was given to our local hospital for the purpose to paint and refurbish a double patients room. Our club have been asked to name this room, but as yet our members need to discuss this.

Our club collect and send away reading glasses to the Lions Recycle for Sight in QLD. We also collect ring pulls from cans and the money raised from these is sent to Australian Lions Mobility Foundation.

If there are any clubs who would like to collect either eye glasses or ring pulls, but don't want the fuss of sending them away please give them to a member of cabinet, if you have a cabinet member in your club, to give to either Shirley Dearlove or Vanessa Malycha. If this is not possible please contact Vanessa Malycha on 0407513447 or email lion.ness4@gmail.com and I will arrange how to pick them up.

President Shirley Dearlove presenting the cheque to the Peterborough hospital CEO Moira Noonan, Secretary Ray Hotchin is behind Shirley

AUSTRALIAN LIONS HEARING DOGS.

Much needed expansion to current premises at Verdun in South Australia.

This is the exciting news released at MD Convention at Geelong early in May, and below are the Artists images of the planned expansion showing the enlargement and renovation of the existing administration building and the overall extensions to Training areas, state-of-the-art Kennel complex to house 50 dogs and two purpose built training houses.

Alterations will be completed in four stages to allow the staff to continue working, training and delivering dogs with minimum disruption to routine. Stage one - the Administration Building expected to commence in 2021 – and total project completion five years from that date.

The Lions Clubs of Australia will not be asked to fund this building project, we are sourcing Corporate Funding, however, if any Clubs choose to make a donation to the Building Project, it would be gratefully accepted.

Our Annual Appeal will still be conducted early each year because we still need the support and donations from your Clubs to finance the acquisition and training of the dogs.

More news next month....

The Board of Directors, CEO and Staff of the Australian Lions Hearing Dogs.

Please ensure that all articles are submitted no later than 14th. of each month to-
