Dear Lions

The first report this year, hope you all had a good holiday break and ready to start the new year.

This will be a fairly short report. Bushfires have been in the headlines lately, the ones in NSW and Vic. But ones closer to home are the ones that have our focus, Adelaide Hills and Kangaroo Island, we know that they have been contained at the moment and the Lions Clubs directly involved have been doing their bit, and unfortunately some Lions Lost their homes and belongings and I am sure the rest of the District is feeling for them.

Sandy Royal the Disaster Relief Coordinator for the District has been working very hard during the Christmas break handling and coordinating all the relief centres also working with Dave Thomas C2's Coordinator. There is not much we can do when fires are burning as the Government controls what happens, but we will go in after and make things happen, Yvonne Bradford and ALF working closely with affected people and helping with grants,

I was in Sydney for Council Meeting and Bushfires were also the main topic talked about and I can assure you Lions all over the world are helping.

Our DGE Tony and incoming Cab Sec Petrea Stacey also attended the Council Meeting for training, also Tony will be leaving for Chicago very soon to start his training for DG (hope he has a good hat as the temperature will be below Zero)

This place has become like mailing centre at the moment. Congratulations Pt. Lincoln Lions Club for being awarded the 2018-2019 Club Excellence Award will be arranging a visit to award it. Also 10 boxes of Lions Awareness Day Packs have arrived, I will be taking them to Cabinet meeting in Feb and give to Zone Chairs to distribute.

And do not forget that this year C1 and C2 are holding the 2020 Multiple District Convention in Adelaide this year so we be asking clubs to help out, we will sending out info later on

Your visit will include touring both Hans Heysen's studio - Australia's oldest artist's studio able to be viewed - & daughter Nora Heysen's studio, as well as the Heysen family home. NEWS FROM SALISBURY CLUB

SA Bushfires Lions Cakes fundraiser report

In late December in response to the SA Bushfires, we advised that ALL profits from any Lions Christmas Cakes & Puddings sold before 2020 the Lions Club of Salisbury would be donating to the SA Bushfire Appeal.

This started approximately on the 22nd of December until the 31st of December 2019.

To advertise this, we only made Facebook posts and sponsored it for a few dollars and shared it in local Facebook groups in our area.

We are happy to report that this post received over 51,000 people, was shared almost 200 times and resulting in MANY Facebook messages and orders.

We then processed their orders received via Facebook and either hand delivered them or were collected by the community.

Many of these people had never heard of our club, of "Lions" nor had ever purchased a "Lions Cake/Pudding" but decided they would do so due to the cause.

We went from having plenty of cakes to selling out and asking nearby clubs for backup - thank you to Tom Brewer and the Lions Club of Tea Tree Gully for their assistance of extra cakes & puddings.

Thank you to everyone who assisted and shared the post. We are still counting the money and will be happy to report on how much was collected and donated for this Appeal shortly. The power of social media is not to be underestimated.

Happy New Year!

Thanks,

Lauren Brewer & Beau Brug

A string walks into a bar with a few friends and orders a beer. The bartender says, "I'm sorry, but we don't serve strings here."
The string goes back to his table. He ties himself in a loop and messes up the top of his hair. He walks back up to the bar and orders a beer.
The bartender squints at him and says, "Hey, aren't you a string?"
The string says, "Nope, I'm a frayed knot."

CLARE LC SECONDHAND FURNITURE SHOP SUCCESS

A need was recognised within Clare and surrounds for a Second-Hand Furniture Shop. After plenty of research re an affordable site, sub-mitting Grant applications, the cost involved in purchasing a suitable trailer and various equipment including straps and Sign Writing, it was decided by the club that this project was a "goer".

Advertising the project thru local papers and Facebook enabled this project to sell approx. 700 items during the first 6 months. 70 items were donated to those in need, and the shop itself can hold up to 200 items for sale at any one time. There is a small amount of repair work done to some of the pieces of Furniture by a few of the members. Most of the Furniture is picked up using the trailer, but some items are dropped off at the shop.

Apart from the great service this project has given the local community, it has been recognised by the local Council that the amount of Furniture that has been taken to the Clare Transfer Station(tip), has been reduced dramatically. Less waste going to landfill!!

Members testing out the chairs

Recently it was agreed by the club members that a portion of the funds, \$4,000.00, raised from this project over the past 6 months should go towards the purchase of 4 Recliners for the Clare Hospital to replace the existing chairs purchased in 2002.

Another \$2,000.00 from this project was donated to the Torrens Valley LC to assist with the purchase of the food their members cook for Blaze Aid who are currently rebuilding fences for local farmers thru the Adelaide Hills.

During the Christmas break, a new 12-month lease was negotiated with the owners, securing the site for Clare Lions for this 2020 Calendar year. This is great news for the local community and allows the Clare LC to continue to engage our motto...., "We Serve".

With over 30,000 members, Lions Australia is Australia's largest service organisation dedicated to supporting others in key service areas such as disaster relief, health and medical research, youth development and environmental issues.

On Saturday 7 March 2020, thousands of Australia's most dedicated and hard-working volunteers will be on deck to let you know more about what Lions Australia does.

After more than a century of helping others, we know our role as a service club is only becoming increasingly important.

It may be providing emergency relief during natural disasters or supporting farming communities during drought, supporting critical medical research into childhood cancers and diabetes, or working on local environmental programs – the work of all of our members is valued, and critical.

We hope you'll take the opportunity to join us at one of the many events that will be held across Australia, talk to a Lion and ask them why they decided to give some of their time and effort to help others.

That's why we are taking the opportunity to tell our story on Lions Awareness Day. We want the rest of Australia to know more about what we do and the causes we support.

STANSBURY DALRYMPLE "LAP THE MAP"

The club decided to participate in the "Lap the Map" project by inviting the students from Stansbury Primary School to join the event.

Students contributed a gold coin and walked to the local town oval. The idea was to walk laps and record the distance, however, in spite of the warm day, several of the older student decided to run!

Lions members provided a healthy lunch for the participants – not all of whom were students.

It was great to see the parent and grandparent support and even the dog walked his laps.

In total, people walked 136 kms, which was a great effort from everyone including the preschoolers and the grandies. (We could have counted the dog's laps too but he wouldn't keep his sticker on!)

Since the fire season commenced, grants have been provided to areas affected, for food, clothing, personal items, water tanks, gas, fresh drinking water, household items and whitegoods. As well support for children getting ready to go back to school has been welcomed.

As we are all aware, the fires are continuing, and despite some weather change in areas and rain, they are still burning. The season is far from over and provisions are not just for now, but will be needed for the road to recovery well into the future. This is where Lions will play a very important part.

Donations have not just been received from Australia but from individuals, groups and Lions from overseas. We have received a significant contribution from the UK Lions Foundation MD105 which is wonderful. Our friends in New Zealand and New Caledonia are also with us on this journey.

This coming week, will see further grants being requested from areas that have disbursed their initial grant funds and have now identified other areas of need. Many are concentrating on the "recovery" aspect which will take a longer time to achieve but will have a significant impact within those communities being supported.

The Foundation will consider all grants sought and consider them immediately.

Our sincere thanks must go to the various Districts and areas as to how you are managing the support for fire affected communities. It is being done with a great amount of consideration, passion and effort and those Lions on the ground working to help are doing an amazing job. The Foundation is proud to help you and is there for the "long haul". It is Your Foundation!
